

Upgrade & retrofit solution | NPB Bagger

NPB Tong Cylinder Kit

Introducing a new generation that replaces the obsolete cylinder GA-30046526-01 (GM-Z 22/20, GA-306150, RM-306150).

Future-proof your production

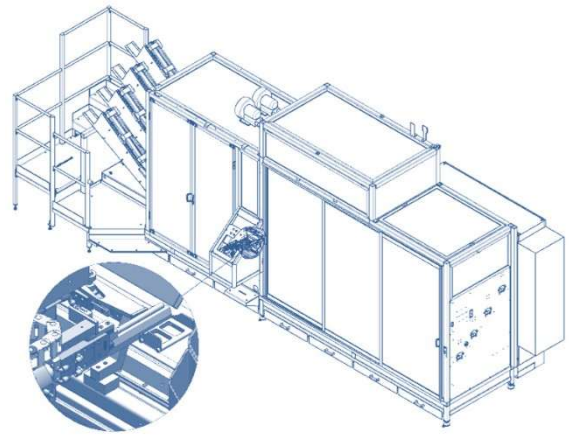

The existing Tong Cylinder will be discontinued and hence no longer be available for purchase. To ensure continued performance and serviceability, NPB now provides an upgrade kit compatible with both Gen 1 and Gen 2 models.

Installed in the NPB Baggers, the new-generation Tong Cylinder features an improved design with enhanced mounting, including easily accessible screws for faster and more convenient assembly. It's a future-proof solution for your production line.

Technical details and upgrade kit

The upgrade kit includes the new cylinder, swivel, air couplings, improved tong elements for easier maintenance, and shims.

Please note that installing the new model requires a dedicated mounting kit.

Parts mounted in the bag-folding area.

Technical specifications

Part numbers:

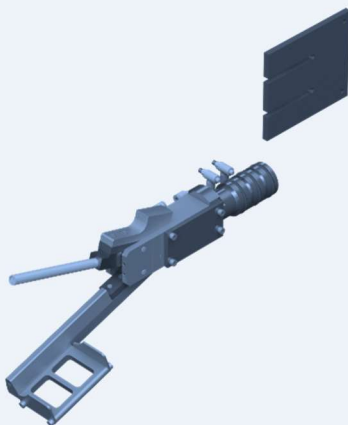

12073390-10 Tong upgrade kit –Left and Right

Replacing:

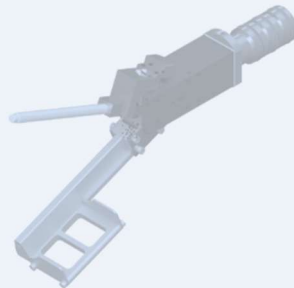

GA-30046526-01 (GM-Z 22/20, GA-306150, RM-306150)

Recommended spare parts:

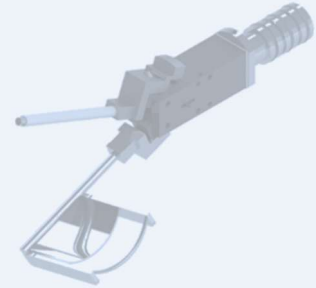

GA-0303653 Radial gripper PRG 42-30
12230317-1 Mounting Revolvershaft
12230319-2 Spoon mounting Folding unit
52210318-7 Sidewall Folding unit
52210319-3 Flange spoon Folding unit
12071386-1 Flag Bagging module
SV-4803220300 O-ring

New Tong Cylinder and parts (Gen 3)

Obsolete (Gen 2)

Obsolete (Gen 1)

PART OF THE XANO GROUP

NPB designs, develops and manufactures automation equipment for the packaging industry. We have top-rate expertise in mechanics and design as well as thorough knowledge in the development and manufacturing of automation equipment. The organization is customer-oriented and flexible with the aim to deliver intelligent machines that are simple to handle.
